

Te Pānui o Te Kura o Te Uku 29/19

26 Mahuru 2019

Tēnā koutou e te whānau o Te Uku

Thanks to everyone who turned up to our Sustainable Goals Exhibition on Friday. As you will have seen, our students have learnt a great deal about their specific UN Goal and had a lot to share with everyone. The students thoroughly enjoyed the opportunity to articulate their learning and to express the important messages they have learnt about; clean water and sanitation, poverty, climate change, sustainable cities and life below water. Some of this learning has had links to local community projects, with our students assisting with coastal planting and beach clean ups. The Y2-4 group have also been collecting goods such as clothing and books to donate to those in need and have begun to work on our horse paddock restoration by planting many new plants along the water way, in the hopes of turning it from a 'sad stream' into a 'happy' one.

As we approach the end of Term 3, we are looking forward to a wealth of exciting learning opportunities in Term 4. One of these opportunities involves having some teachers from Chile join us for a few days. They are looking forward to learning more about NZ education and to utilising their English language skills in an authentic setting. We in turn are looking forward to learning about Chilean culture and the Spanish language.

I hope the weather is kind to us all over the holiday break and that everyone gets to enjoy some time with friends and family, doing the things you love. We look forward to welcoming everyone back to school on Monday 14 October.

Ngā mihi ki a koutou,
Pip Mears – Principal
